SENATOR BEUTLER: Yes.

SPEAKER NICHOL: Okay. We will check the rule here on this.
Senator Shirley Marsh, for what...?

SENATOR MARSH: Since you have changed the order and it is
the Speaker's orders by which we go, then Senator Beutler's
motion would take 30 votes, am I correct?

SPEAKER NICHOL: We will check that.

SENATOR MARSH: Thank you.

SPEAKER NICHOL: If I could have your attention a minute,
according to Rule 6, Section (d), during consideration of
bills on either General or Select File, any member may move
that the bill be passed over once, and if the motion is
carried by a majority of those voting, the bill shall be
passed over and shall remain in its place on the file. So
if Senator Chambers makes such a motion, it would be in
order.

SENATOR CHAMBERS: We have the strategem of putting a kill
motion but I will try to be as direct as I can. I will ask
that the bill be passed over.

SPEAKER NICHOL: Okay, that threw me because I thought you
were going to put a kill motion on it. So, all right, the
motion is...Senator Chambers' motion is to pass over the
bill at this time. Senator Beutler. The Call is raised.

SENATOR BEUTLER: Mr. Speaker, members of the Legislature,
the Legislature can certainly vote to do as it please with
this bill but I think it should be brought to the attention
of the body what is going on here. I mean basically what we
are saying is if we allow this that you can get up and try
your amendments, and if they don't work, then you can pass
over it and try them again the next day without any penalty.
Whereas if you vote and the motion fails to advance, then at
least it goes to the bottom of the pile. But I think that
the better public policy for this body is not to allow a
bill like this to lay over after we have already heard
amendments and motions on the bill unless their is unanimous
